## nonfiction

***Bunk: The Rise of Hoaxes, Humbug, Plagiarists, Phonies, Post-Facts, and Fake News*** by Kevin Young  
In this brilliant and timely work, Kevin Young asks what it means to live in a post-factual world of truthiness where everything is up for interpretation and everyone is subject to a pervasive cynicism that damages our ideas of reality, fact and art.

***You Can't Spell America Without Me: The Really Tremendous Inside Story of My Fantastic First Year as President Donald Trump*** by Alec Baldwin  
Until Donald Trump publishes his account of his entire four or eight or one-and-a-half years in the White House, the definitive chronicle will be *You Can't Spell America Without Me*.

***What Unites Us: Reflections on Patriotism*** by Dan Rather and Elliot Kirschner  
This book will be a must-read for everyone you know who is engaged in the urgent national conversation right now – and interested in our place in history going forward.

***Why Bob Dylan Matters*** by Richard F. Thomas  
This witty, personal volume is a distillation of Thomas' famous course, and it makes a compelling case for moving Dylan out of the Rock and Roll Hall of Fame and into the pantheon of classical poets.

***Middle-earth From Script to Screen: Building the World of the Lord of the Rings and the Hobbit*** by Daniel Falconer  
Illustrated with final film imagery, behind-the-scenes pictures and conceptual artwork, including places not seen in the final films, this monumental compilation offers unique and far-reaching insights into the creation of the world we know and love as Middle-earth.

***An American Family: A Memoir of Hope and Sacrifice*** by Khizr Khan  
An American Family is an intensely personal story about the nature of true patriotism and what it's like to risk everything you know for the promise of a 226-year-old piece of parchment.
