THE MATA MATA

What's the matter with a mata mata turtle?
Well, the face for one thing is a major hurdle.
No, I don't think I'm exaggerating, am I,
when I say one look from him could stop a semi?
It's as if a mask worn by a hockey goalie
had been plastered on with lumpy guacamole.
Yet a mata mata is a handsome creature
to a turtle turtle with this feature feature.
