

Story Star Blastoff

Theme: Reflections

Phonics Focus: AR Controlled Vowels

READ: *The Greedy Dog* by Heather Ma

Have your child read aloud to you, reading the words they can while you help with challenging new words. Encourage them to solve unfamiliar words using the patterns they know, as well as use the pictures for more detail. Learning to read is all about building your toolkit of known words and sounds!

Extension Activity:

Work through the included activities at your child's pace. They should be challenged, but not frustrated, and these activities do not need to be done in one sitting. Directions are included for each activity. If your child has trouble, that's okay! You can help them, just try not to give them the answer. They should be doing most of the work.

READ: *Gold!* by David Shannon

Read this book to your child. If able, let them read to you, or take turns. Along the way, talk with your child about what is happening and how they feel about the story. Ask questions like: why do you think the character did that? How would you solve this problem? What is the story trying to teach us? What was your favorite part of the story? All questions are good questions.

WRITE and DRAW: What would you do if your reflection winked back at you?

You can use notebook paper or the writing templates provided on our website. As your child writes, let them get their full thought down on paper before you correct anything. This is how they become a writer! As they spell, encourage them to use the rules they know. This is called invented spelling. Even if it doesn't look like what an adult would write, they are still practicing their phonics. Illustrations are always welcome!

How to Use this Activity Page

Completing this Write-N-Seek activity page is as easy as 1, 2, 3! Print and distribute copies of the page. Point out the target skill at the top of the page. Then have children:

- 1 Trace each word.
- 2 Write each word. (Use words from the box.)
- 3 Find and circle each word in the word-search puzzle. (Each word appears once.)

Tip: All the target words in the puzzle go from left to right (→) or top to bottom (↓).

Teaching Tips

Use these tips to help children get the most from this activity page.

- **Provide a model:** Demonstrate, step by step, how to complete the activity page.
- **Focus on the target words:** Have children read aloud each of the target words and finger-write them in the air.
- **Promote visual skills:** Have children look carefully for each target word in the word-search puzzle. As they complete the activity, encourage them to note how each word is spelled as they find it in the puzzle.

Connections to the Standards

Print Concepts

Demonstrate understanding of the organization and basic features of print.

Phonological Awareness

Demonstrate understanding of spoken words, syllables, and sounds.

Phonics and Word Recognition

Know and apply grade-level phonics and word analysis skills in decoding words.

LEARNING CENTERS

Make this activity page self-checking when using it in a learning center. To create an answer key, simply complete the page, drawing a bold circle around each target word in the word-search puzzle. Then tape the completed page to the back of a file folder and place copies of the activity page inside the folder. Have children complete the page and then use the answer key to check their work.
