## SALT DOUGH RECIPE

I want to show I care,  
So this is what I share.

Here's the recipe,  
If you want to make it just like me!: In a  
large bowl, mix:

Two cups flour

One cup salt

One cup cold water

Knead together to make dough!

Store in an airtight container to reuse.

To dry creations, air dry 1-2 days or  
bake at 200 degrees until dry.

Add Kool-aid powder, food coloring  
or glitter to the mix or paint once dry  
for extra fun.
